Interlot Policy

Purpose:

The purpose of this document is to provide Moses & Son with a policy for preparing Interlots for Auction Sale.

Scope: This policy is applied to all bales allocated to the Interlot stock group by the Moses & Son Warehouse Managers and Warehouse staff.

Interlotting is to be carried out by the Warehouse Manager or nominated staff as required. All staff approved to Interlot must hold a current Wool Classer’s registration and undergo internal training.

Terms of reference:

- Moses and Son are accredited as an AWEX Quality Classing House. Ensuring we provide the highest standard in wool preparation and interlotting.
- The wool remains the property of the client until sold.
- Moses and Son will always act in the best interest of the client.
- We objectively match the Interlot components.
- One bale lines will not be placed on hold; they will be moved to Interlot unless specifically requested otherwise by the grower.
- Two bale lines can either be tested as a two bale line and placed on hold **OR** be interlotted and sold at the next available opportunity. The Grower is to be consulted to determine which course of action they would prefer.
- Length and strength measurements are applied at Moses and Son’s discretion by a qualified Wool Classer.
- Bales destined for Interlot cannot be placed on hold; they must be processed and sold at the next available opportunity.
- The Head Reference of the Interlot will be indicative of lowest bale description in that line.
- Below is a guide as to how lines should be treated:

| Test or Interlot | > 3 Bales | 2 Bales | 1 Bale | Test or Interlot | >3 Bales | 2 Bales | 1 Bale |
